La ciudad más cosmopolita del mundo dónde sus residentes se distinguen por su amor a New York. I love NY.

New York, una ciudad de icónicos rascacielos en dónde uno de los más famosos es el edificio CHRYSLER que da nombre al principal diseño de la colección. Inspirado en el edificio art decó de los años 30 y de 77 pisos de altura

BRIDGE: en honor al fabuloso puente de Brooklyn. El diseño recuerda a los cables de acero que sujetan el puente.

TOWER: hace referencia a las torres del skyline de New York, al perfil de la gran manzana, con sus gigantescos rascacielos.

CITY: es un Jacquard que parece una vista desde el aire de la cuadrícula de la gran manzana con sus avenidas y calles.

PARK: por Central Park, en busca de un efímero contacto con la naturaleza, es el liso de la colección, una chenilla de tacto suave como el césped.

STREET: otro liso de la colección que combina con todos los tejidos, es color único. Los colores de esta colección: rosa, malva, azul marino, azul índigo, gris, verde agua y verde manzana... un mundo en colores... mezcla de la diversidad de New York.

Son tejidos ignífugos Clase 1, 100% poliéster; Ancho 135 o 270 cms, aptos para tapizar, decoración o cortinas.
