RUBIK

MU 9 0 8 5

Rubik de HappyTEX by Gancedo son cinco perchas de falsos lisos y texturas, que permiten múltiples combinaciones dentro de una misma gama de color, como si de un cubo de Rubik se tratara. Esto se debe a que, en un mismo tono, se pueden encontrar distintas calidades como terciopelo, chenilla, Jacquard, cheviot, jaspeados, piqués, tweeds, reps (tramas gruesas)... de modo que se obtiene movimiento y profundidad en las composiciones textiles.

Las tonalidades van desde los verdes agua, mostazas, grises topo, malvas, terracotas, azul noche, verde bosque, mint, añil, crudos, rosas... Un auténtico festín cromático para los sentidos. Todas las referencias son lavables y de alta resistencia al desgaste (40.000-100.000 ciclos martindale).

Rubik from HappyTEX by Gancedo consists of five ranges of mock plains and textures, allowing multiple combinations within one colour palette, just like a Rubik's cube. This is because you can find different fabrics such as velvet, chenille, Jacquard, tweeds, speckled cloth, waffles, meshes (thickly woven)...lending movement and depth to the fabric compositions.

Colours include sea greens, mustards, taupe greys, mauves, ochres, midnight blue, forest green, mint, indigo, ecrus, pinks...A veritable feast of colours for all the senses. They are all washable and highly resistant to wear-and-tear (40,000 – 100,000 Martindale cycles).
